## Aloe Vera Gel, Berry Nectar and Forever Freedom

Suitable for all, the Aloe drinks are readily absorbed into normal feeds although some animals prefer them in their water. Berry Nectar contains cranberry and apple. The drinks have a tonic effect, maintaining a healthy appetite, suppleness of joints and revitalising energy levels. Aloe Vera also has a soothing effect, acting to reduce your animals' sensitivity to external irritants.

Forever Freedom contains naturally occurring Glucosamine Sulphate, Chondroitin Sulphate and methylsulphonylmethane (MSM) These joint cartilage compounds act by maintaining joint fluid as well as naturally regenerating articular cartilage.

They help with the symptoms of joint degeneration as well as protecting against its development.

1litre,  
code: 15 Aloe Vera Gel  
code: 34 Aloe Berry Nectar  
code: 196 Forever Freedom

## H i n t s

*Fussy feline? If your cat won't take the Aloe drink, try putting some on their leg or paw, they will lick it off and get the benefit that way!  
Try putting a small amount of Aloe Veterinary Formula in your aquarium. Your fish will benefit from all the goodness of Aloe Vera!*

### Aloe Liquid Soap

Rich in soothing Aloe Vera, this is 'no tears' formula is excellent for bathing small or large animals. Equally suited to removing mud after a country walk or washing delicate skin prior to applying other products, Aloe Liquid Soap will clean without irritation. It comes complete with a handy pump top that makes bathing easy, be it the family pet or a top show breed!  
473ml, code: 38

### Aloe Veterinary Formula

High in Aloe Vera Gel, with a convenient nozzle applicator, this liquid can be sprayed directly onto tender areas. Use on your animal to soothe irritations, or to cleanse before dressing or applying Aloe Vera Gelly. It can also be sprayed onto animal coats after bathing for extra shine and condition. Used as a leg wash, it soothes and protects after heavy exercise.  
473ml, code: 30

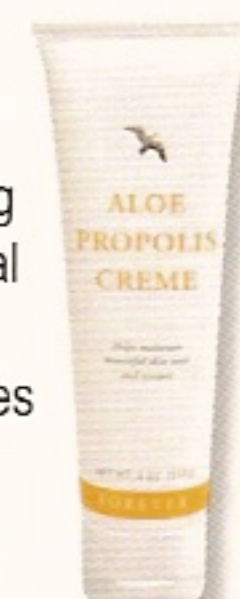

### Aloe Vera Gelly

Can be used as a topical preparation to soothe skin irritations, including minor cuts, stings and abrasions. It is a thick gel with anti-fungal and anti-bacterial properties, which lubricates and soothes wounded tissue in sensitive areas. Its highly penetrative properties can also help reduce excessive 'proud flesh' during the healing process, and ease soreness caused by bit-rubbing.  
118ml, code: 61

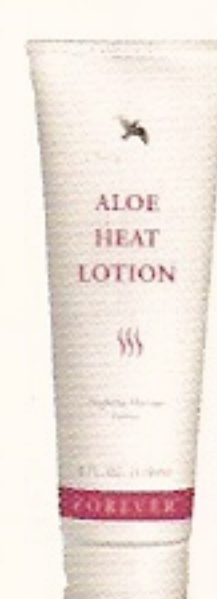

### Aloe Propolis Creme

One of our most popular products for humans, this rich soothing cream is equally beneficial for animals. Propolis is a natural agent used by bees to maintain the health of the hive. By combining Aloe with bee propolis, we have created a world-class product that not only calms minor irritation and infection, but moisturises while it works.  
113g, code: 51

### Aloe Heat Lotion

Aloe Vera in heat producing formulation which encourages blood supply to an area. Suitable for use where increased circulation would be beneficial. Particularly used for its soothing action on joints, ligaments and muscles. In animals it is essential that it is applied directly to the skin and not onto the hair.  
118ml, code: 64

### Aloe Sunscreen

Specially formulated with ingredients that shield the skin from the harmful effects of over-exposure to the sun and wind. Can be used on the sensitive ear-tips and noses, to protect and soothe. Greys and other horses with pink/sensitive areas will find the lotion soothes, cools and moisturises. High protection (SPF 30)  
118ml, code: 199

### Aloe-Jojoba Shampoo

Aloe Vera adds strong anti-fungal and other well known properties to this mild, but deep cleansing shampoo. Combined with the moisturising and conditioning properties of jojoba oil, it will leave your animals' coats, manes, and tails tangle-free and shining with health.  
237ml, code: 58

### Forever Bright Toothgel

Well-liked by our human customers, this high in Aloe, refreshing toothgel is ideal for your pet's teeth too. Reducing the build-up of plaque and tartar on the teeth, while gently soothing the gum areas, it has a low-abrasiveness factor and leaves teeth sparkling clean.  
130g, code: 28

### Bee Propolis

A natural antibacterial substance produced by bees which has beneficial effects against certain bacteria, fungi and yeasts. It ensures a rapid return to normal condition and is proven to have very soothing properties. Enriched with Royal Jelly.  
60 tablets, code: 27

### Bee Pollen

Direct from the hive, this is an excellent way of priming the body to combat allergies, as well as being a superb energy supplement before or after an exercise period. Also suitable for jockeys, handlers and trainers as a tonic after a long day.  
100 tablets, code: 26
